## ADVANTAGES OF AN INTERNATIONAL HEALTHCARE LEADER

Our customers can benefit from a wealth of services and resources to help them stay healthy. Some of the benefits of acquiring a Bupa product are:

- Worldwide access to the best hospitals and doctors.
- Emergency medical coverage anywhere in the world.
- International portability that allows our customers to have uninterrupted coverage while traveling, studying, or working out of their country of residence (certain conditions may apply).
- A Medical Service team that provides our members with professional support by phone 24 hours a day, 365 days a year.
- Online services to allow access to policy documents, renewals, communications, and claims reimbursements through the internet.

## USUAL, CUSTOMARY, AND REASONABLE FEES

The insurance policy establishes that Usual, Customary and Reasonable (UCR) fees will be applied to calculate the reimbursement for services and treatment rendered in a specific country or region. UCR is the maximum amount Bupa will consider eligible for payment. This amount is determined based on a specific review of the prevailing charges for a particular service adjusted for a specific region or geographical area.

By encouraging direct payment and pre-authorization, we have the opportunity to negotiate medical fees to protect our members from incurring additional out-of-pocket fees and ensuring fair prices. UCR is one of the most important measures to control our finances while protecting our clients’ interests.
